

## Medium Term Planning

## Year 4

## Spring 2025 Second Half Term

English	Mathematics
Our Spring 2 term begins with a focus on descriptive	Year 4 continue to make a fantastic effort towards
writing, drawing on inspiration from ' <i>Mission Possible</i> ' by	improving their times table recall ready for their times
Kat Pennington. We will also take a cross curricular	table check: remember to practice your times tables as
approach to letter writing this half term. Our history trip	much as possible! This half term we will focus on
to Holy Island provides a fantastic opportunity to write a	number skills. We will develop our understanding of
recount in the form of a letter.	fractions and decimals.
Art & Design	Computing
This half term pupils will focus on monochromatic	Year 4 will explore the inside of computers this half
drawing. Pupils will develop their drawing skills by	term. Pupils will develop their understanding of how
exploring the work of various artists and considering	the different parts within computers and mobile
perspective, atmosphere, horizon and vanishing point.	devices make them work effectively.
We are excited to create a range of fantastic drawings!	
Design & Technology	Geography
Leading on from our previous learning in science around	This half term Year 4 will learn why day and night occurs and
electricity and electrical circuits, we will plan, design and	thus why we need time zones. We will explore the position
build a torch! We will recycle plastic bottles to form the	and signifance of various lines of latitude and longitude, use
body of our torches and use materials such as cardboard	our knowledge of time zones to find the local time in different cities and use Digimap to find latitude and
and split pins to create a switch for our torches.	longitude coordinates of cities on a world map.
History	Music
This half term we will consolidate our learning about the	Our brilliant Year 4 musicians continue their musical
