Online Safety Curriculum Map

By the end of Key Stage One, we expect pupils to be able to:
- ✓ Use technology safely and respectfully, keeping personal information private; identify where to go for help and support when they have concerns about content or contact on the internet or other online technologies
- ✓

By the end of Key Stage Two, we expect pupils to be able to:
- ✓ Understand computer networks, including the internet; how they can provide multiple service, such as the Worldwide Web, and the opportunities they offer for communication and collaboration
- ✓ Use search technologies effectively, appreciate how results are selected and ranked, and be discerning in evaluating digital content
- ✓ Use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour; identify a range of ways to report concerns about content and contact

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
E Y F S	**Online safety overview** www.ilearn2.com -General safety lessons connected to both the online and offline world, e.g. not talking to strangers, if something is wrong – tell an adult.	**Self-image and identity** -recognise, online or offline, that anyone can say 'no' – 'please stop' – 'I'll tell' – 'I'll ask' to somebody who makes them feel sad, uncomfortable, embarrassed or upset. **Online reputation**	**Managing Online Information** -table about how to use the internet as a way of finding information online -identify devices I could use to access information on the internet	**Online bullying** -describe ways that some people can be unkind online. -offer examples of how this can make others feel. **Health, Wellbeing and Lifestyle**	**Privacy and Security** -identify some simple examples of my personal information (e.g. name, address, birthday, age, location). -describe who would be trustworthy to	**Online Relationships** -recognise some ways in which the internet can be used to communicate. -give examples of how I (might) use technology to communicate with people I know.

-Introducing the positive and negatives of being online.	-identify ways that put information on the internet		-identify rules that help keep us safe and healthy in and beyond the home when using technology. -give some simple examples of these rules.	share this information with; explain why they are trusted.	**Copyright and Ownership** -I know that work I create belongs to me. -name my work so that others know it belongs to me.

Year 1	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
	Online safety overview www.ilearn2.com Understand what personal information is and why we keep personal information private. -Understand why websites want personal information. -Identify when and where to go for help when concerned. -Understand the dangers of sharing photos online.	**Self-image and Identity** -recognise that there may be people online who could make someone feel sad, embarrassed or upset. -If something happens that makes me feel sad, worried, uncomfortable or frightened give examples of when and how to speak to an adult trust and how they can help. **Online Reputation** -recognise that information can stay	**Managing Online Information** -give simple examples of how to find information using digital technologies, e.g. search engines, voice activated searching. -I know/understand that we can encounter a range of things online including things we like don't like as well as things which are real or make believe / a joke. -I know how to get help from a trusted adult if we see content that makes us feel sad, uncomfortable, worried or frightened.	**Online Bullying** -describe how to behave online in ways that do not upset others and can give examples. **Health, Wellbeing and Lifestyle** -explain rules to keep myself safe when using technology both in and beyond the home.	**Privacy and Security** -explain how passwords are used to protect information, accounts and devices. -recognise more detailed examples of information that is personal to someone (e.g. where someone lives and goes to school, family names). -explain why it is important to always ask a trusted adult before sharing any	**Online Relationships** -give examples of when I should ask permission to do something online and why this is important. -use the internet with adult support to communicate with people I know (e.g. video call apps or services). -explain why it is important to be considerate and kind to people online and to respect their choices.

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
	-Understand that people online are not always who they say they are. -Understand how to trust information online. -Learn to use the Internet responsibly. -Understand why we should be respectful.	online and could be copied. -describe what information I should not put online without asking a trusted adult first.			personal information online, belonging to myself or others.	-explain why things one person finds funny or sad online may not always be seen in the same way by others. **Copyright and Ownership** -explain why work I create using technology belongs to me. -say why it belongs to me (e.g. 'I designed it' or 'I filmed it'). -save my work under a suitable title or name so that others know it belongs to me (e.g. filename, name on content). -I understand that work created by others does not belong to me even if I save a copy.
Y E	**Online safety overview**	**Self-Image and Identity**	**Managing Online Information**	**Online Bullying**	**Privacy and Security**	**Online Relationships**

A R 2	www.ilearn2.com -Understand what personal information is and why we keep personal information private. -Understand why websites want personal information. -Identify when and where to go for help when concerned. -Understand the dangers of sharing photos online. -Understand that people online are not always who they say they are. -Understand how to trust information online. -Learn to use the Internet responsibly. -Understand why we should be respectful.	-explain how other people may look and act differently online and offline. -give examples of issues online that might make someone feel sad, worried, uncomfortable or frightened; give examples of how they might get help. **Online Reputation** -explain how information put online about someone can last for a long time. -describe how anyone's online information could be seen by others. -I know who to talk to if something has been put online without consent or if it is incorrect.	-use simple keywords in search engines. -demonstrate how to navigate a simple webpage to get to information I need (e.g. home, forward, back buttons; links, tabs and sections). -explain what voice activated searching is and how I might be used, and know it is not a real person (e.g. Alexa, Google, Now, Siri). -explain the difference between things that are imaginary, 'made up' or 'make believe' and things that are 'true' or 'real'. -explain why some information I find online may not be real or true.	-explain what bullying is, how people may bully others and how bullying can make someone feel. -explain why anyone who experiences bullying is not to blame. -talk about how anyone experiencing bullying can get help. **Health, Wellbeing and Lifestyle** -explain simple guidance for using technology in different environments and settings e.g. accessing online technologies in public places and the home environment. -say how those rules / guides can help anyone accessing online technologies.	-explain how passwords can be used to protect information, accounts and devices. -explain and give examples of what is meant by 'private' and 'keeping things private'. -describe and explain some rules for keeping personal information private (e.g. creating and protecting passwords). -explain how some people may have devices in their homes connected to the internet and give examples (e.g. lights, fridges, toys, televisions).	-give examples of how someone might use technology to communicate with others they don't also know offline and explain why this might be risky. (e.g. email, online gaming, a pen-pal in another school / country). -explain who I should ask before sharing things about myself or others online. -describe different ways to ask for, give, or deny my permission online and can identify who can help me if I am not sure. -explain why I have a right to say 'no' or 'I will have to ask someone'. explain who can help me if I feel under pressure to agree to something I am

unsure about or don't want to do.

-identify who can help me if something happens online without my consent.

-explain how it may make others feel if I do not ask their permission or ignore their answers before sharing something about them online.

-explain why I should always ask a trusted adult before clicking 'yes', 'agree' or 'accept' online.

Copyright and Ownership

-recognise that content on the internet may belong to other people.

-describe why other people's work belongs to them.

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Y E A R 3	**Online safety overview** www.ilearn2.com -Understand what to do if something upsets you online. -Understand why and how people can be nasty online. -Describe the term 'sharing online' and why we need to get permission to share photos and videos of other people. -Understand why people pretend to be someone else online. -Understand why we only talk to people we know in the real world, when online. -Understand why we should not always trust what we read online and how to check.	**Self-Image and Identity** -explain what is meant by the term 'identity'. -explain how people can represent themselves in different ways online. -explain ways in which someone might change their identity depending on what they are doing online (e.g. gaming; using an avatar; social media) and why. **Online Reputation** -explain how to search for information about others online. -give examples of what anyone may or may not be willing to share about themselves online. explain the need to be careful before sharing anything personal.	**Managing Online Information** -demonstrate how to use key phrases in search engines to gather accurate information online. -explain what autocomplete is and how to choose the best suggestion. -explain how the internet can be used to sell and buy things. -explain the difference between a 'belief', an 'opinion' and a 'fact' and give examples of how and where they might be shared online, e.g. in videos, memes, posts, news stories etc. -explain that not all opinions shared may be accepted as true or fair by others (e.g. monsters under the bed). -describe and demonstrate how we can	**Online Bullying** -describe appropriate ways to behave towards other people online and why this is important. -give examples of how bullying behaviour could appear online and how someone can get support. **Health, Wellbeing and Lifestyle** -explain why spending too much time using technology can sometimes have a negative impact on anyone; give some examples of both positive and negative activities where it is easy to spend a lot of time engaged. -explain why some online activities have age restrictions, why it is important to follow them and know who talk to if others pressure me to watch or do something	**Privacy and Security** -describe simple strategies for creating and keeping passwords or private. -give reasons why someone should only share information with people they choose to and can trust. explain that if they are not sure or feel pressured then they should tell a trusted adult. -describe how connected devices can collect and share anyone's information with others.	**Online Relationships** -describe ways people who have similar likes and interests can get together online. -explain what it means to 'know someone' online and why this might be different from knowing someone offline. -explain what is meant by 'trusting someone online', why this is different from 'liking someone online', and why it is important to be careful about who to trust online including what information and content they are trusted with. -explain why someone may change their mind

-Understand the importance of being kind in the real world and also online. -Understand how to protect digital content with a strong password. -Understand the importance of using avatars and how to make them.	explain who someone can ask if they are unsure about putting something online.	get help from a trusted adult if we see content that makes us feel sad, uncomfortable, worried or frightened.	online that makes me feel uncomfortable (e.g. age restricted gaming or web sites).		about trusting anyone with something if they feel nervous, uncomfortable, or worried. -explain how someone's feelings can be hurt by what is said or written online. -explain the importance of giving and gaining permission before sharing things online; how the principles of sharing online is the same as sharing offline e.g. sharing images and videos. **Copyright and Ownership** -explain why copying someone else's work from the internet without permission isn't fair and can explain what problems this might cause.

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Y E A R 4	**Online safety overview** www.ilearn2.com -Understand what to do if something upsets you online. -Understand why and how people can be nasty online. -Describe the term 'sharing online' and why we need to get permission to share photos and videos of other people. -Understand why people pretend to be someone else online. -Understand why we only talk to people we know in the real world, when online. -Understand why we should not always trust what we read online and how to check.	**Self-Image and Identity** -explain how my online identity can be different to my offline identity. -describe positive ways for someone to interact with others online and understand how this will positively impact on how others perceive them. -explain what others online can pretend to be someone else, including my friends, and can suggest reasons why they might do this. **Online Reputation** -describe how to find out information about others by searching online. -explain ways that some of the information about	**Managing Online Information** -analyse information to make a judgement about probable accuracy and I understand why it is important to make my own decisions regarding content and that my decisions are respected by others. -describe how to search for information within a wide group of technologies and make a judgement about the probable accuracy (e.g. social media, image sites, video sites). -describe some of the methods used to encourage people to buy things online (e.g. advertising offers; in-app purchases, pop-ups) and can recognise some of these when they appear online. -explain why lots of people sharing the same opinions or beliefs online	**Online Bullying** -recognise when someone is upset, hurt or angry online. -describe ways people can be bullied through a range of media (e.g. image, video, text, chat). -explain why people need to think carefully about how content they post might affect others, their feelings and how it may affect how others feel about them (their reputation). **Health, Wellbeing and Lifestyle** -explain how using technology can be a distraction from other things, in both a positive and negative way. -identify times or situations when someone may need to limit the amount of time they use technology e.g. suggest	**Privacy and Security** -describe strategies for keeping personal information private, depending on context. -explain that internet use is never fully private and is monitored, e.g. adult supervision. -describe how some online services may seek consent to store information about me; I know how to respond appropriately and who ask if I am not sure. -I know what the digital age of consent is and the impact this has on online services asking for consent.	**Online Relationships** -describe strategies for safe and fun experiences in a range of online social environments (e.g. livestreaming, gaming platforms). -give examples of how to be respectful to others online and describe how to recognise healthy and unhealthy online behaviours. -explain how content shared online may feel unimportant to one person but may be important to other people's thoughts, feelings and beliefs. **Copyright and Ownership** -When searching on the internet for content to use,

Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
-Understand the importance of being kind in the real world and also online. -Understand how to protect digital content with a strong password. -Understand the importance of using avatars and how to make them.	anyone online could have been created, copied, or shared by others.	do not make those opinions of beliefs true. -explain that technology can be designed to act like or impersonate living things (e.g. bots) and describe what he benefits and the risks might be. -explain what is meant by fake news e.g. why some people will create stories or alter photography and put them online to pretend something is true when it isn't.	strategies to help with limiting this time.		explain why I need to consider who owns it and whether I have the right to reuse it. -give some simple examples of content which I must not use without permission from the owner, e.g. videos, music, images.

Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Online safety overview www.ilearn2.com -Understand what to do if something upsets you online. -Understand why and how people can be nasty online. -Describe the term 'sharing online' and	**Self-Image and Identity** -explain how identity online can be copied, modified or altered. -demonstrate how to make responsible choices about having an online identity, depending on context. **Online Reputation**	**Managing Online Information** -explain the benefits and limitations of using different types of search technologies e.g. voice-activation search engine. explain how some technology can limit the information I am presented with. -explain what is meant by 'being sceptical'; give	**Online Bullying** -recognise online bullying can be different to bullying in the physical world and can describe some of those differences. -describe how what one person perceives as playful joking and teasing (including 'banter') might be	**Privacy and Security** -explain what a strong password is and demonstrate how to create one. -explain how many free apps or services may read and share private information (e.g. friends, contacts, likes, images,	**Online Relationships** -give examples of technology-specific forms of communication (e.g. emojis, memes and GIFs). -explain that there are some people I communicate with online who may want to do me or

5	why we need to get permission to share photos and videos of other people. -Understand why people pretend to be someone else online. -Understand why we only talk to people we know in the real world, when online. -Understand why we should not always trust what we read online and how to check. -Understand the importance of being kind in the real world and also online. -Understand how to protect digital content with a strong password. -Understand the importance of using avatars and how to make them.	-search for information about an individual online and summarise the information found. -describe ways that information about anyone online can be used by others to make judgments about an individual and why these may be incorrect.	examples of when and why it is important to 'sceptical'. -evaluate digital content and can explain how to make choices about what is trustworthy e.g. differentiating between adverts and search results. -explain key concepts including: information, reviews, fact, opinion, belief, validity, reliability and evidence. -identify ways the internet can draw us to information for different agendas, e.g. website notifications, pop-ups, targeted ads. -describe ways of identifying when online content has been commercially sponsored or boosted, (e.g. by commercial companies or by vloggers, content creators, influencers). -explain what is meant by the term 'stereotype', how	experienced by others as bullying. -explain how anyone can get help if they are being bullied online and identify when to tell a trusted adult. -identify a range of ways to report concerns and access support both in school and at home about online bullying. -explain how to block abusive users. -describe the helpline services which can help people experiencing bullying, and how to access them (e.g. Childline or The Mix). **Health, Wellbeing and Lifestyle** -describe ways technology can affect health and well-being both positively (e.g. mindfulness apps) and negatively. -describe some strategies, tips or advice	videos, voice, messages, geolocation) with others. -explain what app permissions are and can give some examples.	my friends harm. recognise that this is not my / our fault. -describe some of the ways people may be involved in online communities and describe how they might collaborate constructively with others and make positive contributions. (e.g. gaming communities or social media groups). -explain how someone can get help if they are having problems and identify when to tell a trusted adult. -demonstrate how to support others (including those who are having difficulties) online. **Copyright and Ownership**

		'stereotypes' are amplified and reinforced online, and why accepting 'stereotypes' may influence how people think about others. -describe how fake news may affect someone's emotions and behaviour, and explain why this may be harmful. -explain what is meant by a 'hoax'. explain why someone would need to think carefully before they share.	to promote health and wellbeing with regards to technology. -I recognise the benefits and risks of accessing information about health and well-being online and ow we should balance this with talking to trusted adults and professionals. -explain how and why some apps and games may request or take payment for additional content (e.g. in-app purchases, lootboxes) and explain the importance of seeking permission from a trusted adult before purchasing.		-assess and justify when it is acceptable to use the work of others. -give examples of content that is permitted to be reused and know how this content can be found online.
Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Online safety overview www.ilearn2.com -Understand what to do if something upsets you online.	**Self-Image and Identity** -identify and critically evaluate online content relating to gender, race, religion, disability, culture and other groups, and explain why it is important to challenge	**Managing Online Information** -explain how search engines work and how results are selected and ranked. -explain how to use search technologies effectively.	**Online Bullying** -describe how to capture bullying content as evidence (e.g. screen-grab, URL, profile) to share with others who can help me. -explain how someone would report online	**Privacy and Security** -describe effective ways people can manage passwords (e.g. storing them securely or saving them in the browser).	**Online Relationships** -explain how sharing something online may have an impact either positively or negatively.

E A R 6						
-Understand why and how people can be nasty online. -Describe the term 'sharing online' and why we need to get permission to share photos and videos of other people. -Understand why people pretend to be someone else online. -Understand why we only talk to people we know in the real world, when online. -Understand why we should not always trust what we read online and how to check. -Understand the importance of being kind in the real world and also online. -Understand how to protect digital content with a strong password.	and reject inappropriate representations online. -describe issues online that could make anyone feel sad, worried, uncomfortable or frightened. I know and can give examples of how to get help, both on and offline. -explain the importance of asking until I get the help needed. **Online Reputation** -explain the ways in which anyone can develop a positive online reputation. -explain strategies anyone can use to protect their 'digital personality' and online reputation, including degrees of anonymity.	-describe how some online information can be opinion and can offer examples. -explain how and why some people may present 'opinion'' as 'facts'; why the popularity of an opinion or the personalities of those promoting it does not necessarily make it true, fair or perhaps even legal. -define the terms 'influence', 'manipulation' and 'persuasion' and explain how someone might encounter these online (e.g. advertising and 'ad targeting' and targeting for fake news). -I understand the concept of persuasive design and how it can be used to influence peoples' choices. -demonstrate how to analyse and evaluate the validity of 'facts' and information and explain	bullying in different contexts. **Health, Wellbeing and Lifestyle** -describe common systems that regulate age-related content (e.g. PEGI, BBFC, parental warnings) and describe their purpose. -recognise and can discuss the pressures that technology can place on someone and how / when they could manage this. -recognise features of persuasive design and how they are used to keep users engaged (current and future use). -assess and action different strategies to limit the impact of technology on health (e.g. night-shift mode, regular breaks, correct posture, sleep, diet and exercise).	-explain what to do if a password is shared, lost or stolen. -describe how and why people should keep their software and apps up to date, e.g. auto updates. -describe simple ways to increase privacy on apps and services that provide privacy settings. -describe ways in which some online content targets people to gain money or information illegally; describe strategies to help me identify such content (e.g. scams, phishing). -I know that online services have terms and conditions that govern their use.	-describe how to be kind and show respect for others online including the importance of respecting boundaries regarding what is shared about them online and how to support them if others do not. -describe how things shared privately online can have unintended consequences for others, e.g. screen-grabs. -explain that taking or sharing inappropriate images of someone (e.g. embarrassing images), even if they say it is okey, may have an impact for the sharer and others; and who can help if someone is worried about this. **Copyright and Ownership**

-Understand the importance of using avatars and how to make them.		why using these strategies are important. -explain how companies and news providers target people with online news stories they are more likely to engage with and how to recognise this. -describe the difference between online misinformation and disinformation. -explain why information that is on a large number of sites may still be inaccurate or untrue. assess how this might happen (e.g. the sharing of misinformation or disinformation). -identify, flag and report inappropriate content.			-demonstrate that the use of search tools to find and access online content which can be reused by others. -demonstrate how to make references to and acknowledge sources I have used from the internet.
