Ways in which you can support you child to learn to spell these words:

- **Practise little and often.** Spend 5–10 minutes practising spellings each day rather than doing one long session.
- **Look, say, cover, write and check.** Encourage your child to look at the word, say it aloud, cover it, write it from memory and then check it.
- **Practise letter sounds.** Help your child say the individual sounds in a word, such as *c-a-t*, before blending them together.
- **Look for spelling patterns.** Help your child notice patterns in words, such as *light, night* and *right*.
- **Read together every day.** Reading books together helps children recognise familiar words and understand how words are spelt.
- **Spot words in everyday life.** Look for familiar words on food packets, signs, books and shopping lists.
- **Say the word aloud.** Ask your child to repeat the word, listen carefully to the sounds and think about which letters they need.
